SECOND SQUADRON RETURNS TO RUSSIA

Japs Do Not Regard This Act A Sign Of Weakening.

RUSSIANS FIRE ON JAPANESE

Mikado's Men Do Not Return the Fire of Russians at Mukden—General Nogi Send Reports of Prisoners Captured at Port Arthur.

Tokio, Jan. 7.—Noon.—In naval circles here the recall of the Russian second Pacific squadron is not regarded as a sign that Russia does not hope for final success on the seas. It is considered that the authorities at St. Petersburg have realized the improbability of the second Pacific squadron alone defeating Vice Admiral Togo, and has recalled it to await reinforcements and to further train the officers and men preparatory to a supreme effort for the mastery.

A naval officer said to the Associated Press correspondent today

"Japan has confidently awaited the arrival of the second Pacific squadron of the Russian navy in the Far East. It would have been a splendid fight. Now we must prepare for the future, of which we are no afraid."

Rifle Fire at Mukden.

General Oku's Headquarters, via Fusan, Jan. 7.—11 a. m.—The Russians began their Christmas eve by a heavy rifle fire at 10 o'clock yesterday evening (Jan. 6, opposite Linihimpu).

Their artillery joined at 11 o'clock and kept up two hours' of the hardest firing known since the Shakhe river was reached, spreading along the whole front of General Oku's army. The Japanese sustained no damage, and refused to reply. They simply moved into their trenches, preparing to repulse an expected attack, which was not attempted. There were no casualties among the Japanese troops.

General Nogi's Report.

Tokio, Jan. 7.—2:40 p. m.—General Nogi reports thte following additional transfer of prisoners at Port Arthur yesterday, Jan. 6:

Twenty-seventh regiment (additional) 1,000 men. Twenty-ninth rifles, 52 officers, 1,500 men. Seventh battalion, reserve conscripts, 14 officers, 385 men. Eighteenth battalion reserve conscripts, 12 officers, 308 men. Tenth regimental headquarters, two officers, 66 men. Eleventh and Twelfth regiment, third division, four officers, 195 men. Fourth artillery brigade, 26 officers, 901 men. Garrison artillery, two officers, 113 men. sary, 2,783 men. Gendarmes, two officers, Kwantung garrison, artillery, 68 officers, 24 men. Total, 182 officers, 7,177 men. One hundred and fifty-one officers were paroled.

Rear Admrial Kataka, in his report received here at 2 o'clock yesterday morning (Jan. 6) says that the commanders of the flotillas sent to Kiao Chau and Che Foo have returned at last satisfied that the German and Chinese authorities haev completely disarmed the Russian vessels which have sought refuge in these ports.

The armored cruiser Chiyoda and a flotilla of destroyers, remained outside Kiao Chau harbor until 6 p. m., Wednesday, Jan. 4.

The emperor today issued a rescript thanking General Nogi, the third army, Admiral Togo and the combined fleet for the taking of Port Arthur. Admiral Togo has issued an order abolishing from today the blockade of the Liaotung peninsula.

A celebration of Hibiya park today under the auspicies of the Tokio municipality, ended the week's jubilation begun upon the return of Vice Admiral from the front. There was speech-making and fireworks, and the students and merchant guilds paraded the streets, which were gay with flags and lanterns.

Five hundred of the wounded men from Port Arthur were permitted to leave the hospitals and were feted at the Imperial hotel.

Japanese Lieutenant a Prisoner.

San Francisco, Jan. 9.—The officers of the steamer Harold Dollar, which recently arrived from Petropavlovsk, say that Lieutenant Ito Hatsumoto of the Japanese fleet, is a prisoner in the hands of the Russians. They say that the lieutenant was captured at Yavino on the western site of the Chalka peninsula, and that he is held as a spy by the Russians. Fearing that he intended to escape on the Harold Dollar, the local authorities put him behind the bars and he was in confinement when the vessel put to sea.

Blockade Is Raised.

London, Jan. 9.—A dispatch to the Japanese legation from Tokio in confirming the announcement of the raising of the blockade of the Liao Tung peninsula, adds:

"For the present, however, no ships except those in the Japanese government service will be allowed to enter Port Arthur."

PREACHER'S WIFE A BIGAMIST.

After Five Years' Separation, She Illegally Marries Again.

New York, Jan. 9.—An alleged bigamous marriage which, it is said, was unwittingly performed by the mayor in the city hall a few days ago, has ended in the arrest of Mrs. Margaret Loose.

The prisoner is said to have admitted that her first marriage with a Seventh Day Adventist clergyman of that name now living in Irvington, N. J. In the ceremony at the city hall she was wedded to Maurice Gardner. The Rev. Mr. Loose read in the newspapers an account of the latter, and hastening to this city, demanded before a police magistrate a warrant for the young woman's arrest. Although he had not lived with her for five years, he said it would be wicked to permit her to live as the wife of another man when she already had a husband living.

The prisoner after having been taken from a cosy new home in the Bronx, said the minister had declined to support her properly. So directly after her baby was born five years ago, she took the child and moved to the home of her mother and after passing nearly five years there, said she supposed her marriage to Gardner was perfectly legal.

WITNESS SAILS FOR EUROPE.

Woman Drawn Into the Morse-Dodge Case Leaves Country.

New York, Jan. 9.—Whether any members of the family of Mrs. William H. Gelshenen, whose name recently was drawn into the Dodge-Morse divorce tangle, through an effort of the district attorney to serve summons compelling her to appear before the grand jury, was on the Deutschland when that steamer sailed for Naples today, could not be learned.

It had been said that Mrs. Gelshenen herself intended to sail on the Deutschland today and yesterday nearly a score of trunks were transferred from the Gelshenen home in Fifth avenue to the steamer as she lay at her dock in Hoboken, N. J. A statement issued in the day by a firm of lawyers who claimed to represent the Gelshenen family, however, said that Mrs. Gelshenen sailed for Europe early in the week, and added that her departure had nothing whatever to do with the Morse case. It was then reported that Mrs. Gelshenen's son and daughters would sail on the Deutschland today from a point to join their mother in Europe. Their names did not apear on the passenger list, however, and the officers of the steamer professed total ignorance on the subject.

SHIP HELD AT HAVANA.

Yellow Fever on Board and Vessel Is Quarantined.

New York, Jan. 9.—Illness reported among the passengers on the steamship Dora from Colon, Panama and Port Limon, Costa Rica, to Vera Cruz, Mexico, has been diagnosed as yellow fever, cables a correspondent of the Herald at Havana. There are 806 passengers aboard, including 200 for Cuba, when the ship reached Havana and it was detained outside owing to the illness of three Cubans, two of whom were women.

The vessel was placed in quarantine and the patients were transfered in mosquito-proof ambulances to the yellow fever hospital. The man died and both of the women are said to have such severe cases of yellow fever that they are not expected to live. No fear is expressed of the disease spreading.

RECEIVES PARDON FROM PRESIDENT

Filipino Who Is Serving Life Sentence Given Freedom.

OTHER NEWS FROM WASHINGTON

Representative Burleson's Resolution Regarding Cotton Estimate Reports Adopted—President Appoints Robert W. Taylor Federal Judge.

Washington, Jan. 9.—The president has pardoned Juan W. Gutierrez, now serving a life sentence in Bilibid prison, Manila. Gutierrez is a native Filipino and was convicted by a military commission of having killed prisoners and sentenced to be hanged, but on account of the aid rendered by him to the United States in securing the surrender of other insurgents, the sentence was subsequently commuted to imprisonment at hard labor for life. The present action of the president is based upon information that the testimony upon which Gutierrez was convicted was unreliable, and it was alleged, part of a conspiracy to get him out of the way and also because of the subsequent important service rendered the government of the United States by Gutierrez, of the suppression of the Philippine insurrection.

Rep Burleson's Resolution Adopted.

Washington, Jan. 9.—The house committee on the census today authorized a favorable report on a joint resolution submitted by Representative Burleson, of Texas, requiring the secretary of commerce and labor to direct the director of the census to collect and publish at the same time he makes publication of the ginners' report of cotton production, annual statistics of the consumption of cotton, of the surplus cotton held by the manufacturers and the quantity of cotton exported.

The interstate commerce commission today fixed a hearing on what is known as the differential case at Washington, Jan. 25. This case involved the problem of the differentials in the relative freight rates to New York, Philadelphia, Baltimore, Newport News, Norfolk, and other Atlantic seaboard points. A hearing will also be heard here Jan. 31 on the question of adopting a uniform bill of lading throughout the official classification territory of the railroads.

Robert W. Taylor, of Ohio, appointed yesterday to be a judge of the United States district court of the northern district of Ohio, called on the president tiday to pay his respects and to thank him for the appointment. Mr. Taylor expects to assume his new duties on the first of February. If the Smoot inquiry is not concluded by that time, Mr. Taylor will withdraw from the case.

SENATE CONFIRMS NEGRO CRUM.

Senator Tillman Opposed the Confirmation by Colleagues.

Washington, Jan. 9.—The nomination of W.D. Crum, a negro, to be collector for the port of Charleston, S. C., was confirmed by the senate in executive session yesterday by a vote of 33 to 17.

Crum was nominated by the president three times, and in addition to these nominations has received three recess appointments, and is now serving under the last of these. Confirmation was opposed by Senator Tillman, who objected to the appointment of a negro.

Senator Tillman made a speech devoted almost entirely to the question of the constitutional rights of the president to make a recess appointment when no actual recess had occurred, the senate having adjourned one session and begun another at noon of the same day.

Falling House Caught Men.

Montgomery, Ala., Jan. 9.—A house being raised by T. A. Stevenson, fell after being packed up 7 feet yesterday afternoon, and caught several negroes. Linton Howard was perhaps fatally injured, and George Simpson is buried under the building. It will take several hours to recover his body. After being raised the building rolled and collapsed.

STEAMING COFEE VS. LAGER BEER

Pretty Girls Serve Workmen with Hot Drinks in Gotham.

New York, Jan. 9.—Pretty girls bearing pails of steaming coffee for the men engaged in excavating work for a new railway terminal in Forty-second street, have disclosed a new method of temperance work in this city.

Ever since the work began students and faculty of the Bible Teachers' Training school nearby have had their attention distracted from their studies by the sight of the laborers getting in line promptly at the stroke of 12 o'clock and starting for beer. There are numerous saloons and two breweries nearby, so temptations are plentiful.

A crusade against the liquor sellers in the shape of speeches was discussed and quickly put aside as useless, and the students set themselves to devise some more efficient form of fortifying the men against temptation to quaff beer.

Some one suggested a substitute, and coffee was chosen. Great quantities, steaming hot, was carried to the workmen as they quite for luncheon, and a falling off in the promenade of the saloons and breweries in the neighborhood has resulted.

The faculty and students express much gratification over the success of the venture.

TROLLEY CAR TURNS OVER.

Sixteen Passengers Injured but None Fatally Hurt.

New York, Jan. 9.—A trolley car of the Brooklyn Transit company carrying 40 members of the Adirondack council of the Royal Arcanum, jumped the track at the foot of a curve on a steep hill in Douglass street Brooklyn early today, turned on its side and was smashed, injuring 16 of the occupants and dumping them into a slush and water 2 feet deep.

None of the passengers were fatally injured. Several were temporarily pinioned under the wreckage of the car and help was summoned in frantic haste in fear that they would be drowned before they could be released. The wreckage was pried up and the unconscious men taken out in time to prevent drowning. Thomas Giddings, past regent of the council, was found with both hands pinned in the wreckage and just able to hold his head above the water. He was badly injured internally. Several suffered the fracture of legs or arms and near all of those injured were painfully battered and bruised and suffered the dislocating of ankles, shoulders or wrists.

YOUNG GIRL STILL MISSING.

White Man Is on Trial Charged with Kidnaping.

Carrollton, Ga., Jan. 9.—A case of kidnaping is on trial here before Justice Norman. Bert Duke, a young man of prominent family, living 5 miles southwest of Carrollton, is on trial under a joint warrant against him and an older brother, Virgil Duke., which charges the abduction of the 18-year-old daughter of J. J. Lewis, a well known farmer of the the same community.

The offense is alleged to have been committed last March, but Virgil Duke, the elder brother, has never been arrested and no trace of the girl has been communicated to the disappointed parents.

The testimony shows that she escaped from the home or was decoyed away while the family was all in the house, shortly after midnight, and a constant serach has never revealed what has become of her.

Father Guilty of Killing Son.

Louisville, Ky., Jan. 9.—A special from Owensboro, Ky., says that Rev. W. W. Armer was today found guilty of the murder of his son and he was sentenced to 21 years in the penitentiary. The father murdered his son, who was 21 years old, because he had gone to work for a farmer and had refused to return home.

Harrison Sick of Politics.

New Orleans, Jan. 9.—Mayor Carter Harrison arrived Friday and announced his intention of retiring permanently from politics. He said he was disgusted with Chicago politicians and that Bryan is the brainiest Democrat living.

NEWS FROM THE RUSSIAN CAPITAL

With Hearts Bowed Down Russia Celebrates Xmas.

MUKDEN HEARS OF SURRENDER

The Reported Death of General Fock Is Confirmed—Fall of Port Arthur Does Not by Any Means, Conclude the Far Eastern War.

St. Petersburg, Jan. 9.—A dispatch from Che Foo says it is reported that Rear Admiral Prince Ouktomsky and Prince Admiral Dochinsky have arrived here disguised on board a launch.

With a heavy heart the Russians today clebrated Crristmas. The day was peculiarly a family fete. The trials of the war and losses at the front had brought sorrow and mourning to countless homes. In St. Petersburg all the departments of the government were closed until Tuesday, and the intense cold kept the people in doors.

All the ordinary public festivities and private entertainments were omitted. The imperial family observed the day quietly at the palace of Tsarskoe-Selo. There was a large Christmas tree for the children, but there was no elaborate ceremony.

News From Mukden.

Mukden, Jan. 6, via Pekin, Jan. 7.—Though the news of Port Arthur's capitulation was first generally known here today, it was surmised by the Russian army Jan. 4 from the cheering heard in the Japanese camp along the entire line when cries of "Banzai!" were distinctly heard. The news created no surprise because the army had become accustomed to the possibility of Port Arthur's fall from before the battle of Liao Yang and since.

While concerned at the disaster the Russians are lost in admiration of the wonderful and unexampled defense. Although the death of General Fock and General Kondratenko were not published here, the facts regarding Fock had been accepted for six weeks, and the condition of Port Arthur was known throughout. The authorities here as early as Dec. 23 denied that relief vessels had successfully run the blockade as reported and candidly admitted the desperation of the heroic defenders.

They regarded the explanations of foreign visitors to Port Arthur before the war that Port Arthur would doubtless resist for 18 months as being too optimistic, provided there was no relief. While it is impossible to telegraph the tenor of opinion yet, is is evident that greater events must transpire before the end of the war is apparent.

The Russian army is beginnig a cheerful but quiet celebration of the Russian Christmas, which is tomorrow. There was an unusual cannonading yesterday along the center. It was continued in moderate form today.

The above dispatch is the first definite news from Mukden of the death of General Fock, commander of the East Siberian division and of the Russian left wing at Port Arthur. He was also reported to have been wounded at the battle of Sai Meter Hill, but this was subsequently denied. Later, Jan. 2, General Fock was reported from St. Petersburg to have been killed, but later in the day it was announced that his death has not been confirmed, though it was admitted that he was wounded.

Killed By Parlor Rifle.

Atlanta, Jan. 9.—Augustus D. Hardin, Jr. aged 11 years, son of Mr. and Mrs. Augustus D. Hardin, of 64 Bass street, was accidentally shot and instantly killed Friday afternoon shortly before 4 o'clock, the instrument of his death having been a parlor rifle, which was held at the time it exploded by Guy Shearer, son of Mr. and Mrs. C. G. Shearer, of 407 South Pryor street. The two boys were playing with a number of other little felows in an alley between Pryor treet and Central avenue, which extends from Georgia avenue to Bass street. They were shooting at a target, using B-B caps for the practice.

FELL THROUGH OPEN WINDOW

Miss Krauss' Tragic Death at Savannah Sunday Morning.

DAUGHTER OF MAX KRAUSS

Father Was in Jacksonville When Sad and Tragic News Reached Him, But Went Immediately to Savannah. Death from Concussion of Brain.

One of the saddest accidents of the kind which has occurred in Savannah for many years, and one which possibly carried more sympathy, was an accident which occurred Sunday morning, and which cost Miss Regina, the handsome, accomplished and devoted daughter of Mr. and Mrs. Max Krauss, her life.

In view of the fact that Mr. Krauss is well known and popular throughout this section, as well as the entire State, The Sun publishes the following partial account from The Savannah News of Monday:

"Miss Regina Krauss, eldest daughter of Mr. and Mrs. Max Krauss, died at the residence of her father, No. 10 Hull street, west, yesterday morning at 11 o'clock from the effects of a fall from a second story window two hours before.

"Miss Krauss' death was one of the saddest which has recently occurred in Savannah, and was a great shock to those who had known her intimately. She had been particularly bright and cheerful the night before at a card party, and had already talked with the members of the family yesterday morning.

"Just how it occurred no one is able to say. Miss Krauss was found in an alley by the side of the house. In falling, her head struck the brick pavement. Her skull was crushed, producing concussion of the brain.

"The night before Miss Krauss and some friends had played cards. Early yesterday morning she got up, saying she could not sleep and went into a room where her sister and a guest were sleeping and lay down. Between 8:30 and 9 o'clock she went into an adjoining room. When some time elapsed and she did not return, her sister went to look for her and found her lying just beneath an open window in the yard below. She was unconscious and remained so until she died shortly after 11 o'clock.

"Miss Krauss was one of the most lovable of characters, absolutely unselfish and entertaining. With the announcement of her death numbers of friends gathered and extended their sympathies to the grief-stricken family.

"Mr. Krauss was in Jacksonville when he received the news of his daughter's tragic death. He reached home at 10:30 o'clock at night.

"The deceased was 26 years of age, and leaves a father and mother, Mr. and Mrs. Max Krauss, a sister, Miss Elizabeth Krauss, and a brother, Mr. Jerome Krauss."

CHRONIC SORES

Wheeling, W. Va., May 28, 1903.

Some years ago while at work, I fell over a truck and severely injured both of my shins. My blood became poisoned as a result, and the doctor told me I would have running sores for life, and that if they were healed up the result would be fatal. Under this discouraging report I left off their treatment and resorted to the use of S. S. S. Its effects were prompt and gratifying. It took only a short while for the medicine to entirely cure up the sores, and I am not dead as the doctors intimated, nor have the sores ever broke out again. Some 12 years have elapsed since what I have described occurred. Having been so signally benefitted by its use I can heartily recommend it as the one great blood purifier.

Chronic sores start often from a pimple, scratch, bruise or boil, and while salves, washes and powders are beneficial, the unhealthy matter in the blood must be driven out or the sore will continue to eat and spread. S. S. S. reaches these old sores through the blood, removes all impurities and poisons, builds up the entire system and strengthens the circulation. S. S. S. is a blood purifier and tonic combined. Contains no mineral whatever but is guaranteed purely vegetable. If you have an old sore write us and our physicians will advise without charge. Book on diseases of the Blood free.

WOULDN'T SUPPORT FAMILY.

George Rollins Placed Under Bond to Compel Him to Feed Family.

George Rollins is the name of a big, greasy-looking coon who calls Archer his home, and whom the neighbors have openly declared was not really fit for owl bait, since it was alleged he turned his back repeatedly upon his wife and child, refusing to succor them with the necessities of life in the form of grits and bacon and clothing. The result is that Rollins has been placed under a bond requiring him to support his family, and in the event of failure to properly do so, he will be given a few lessons in the naval stores industry at the McDonald camp.

Rollins was arrested Monday morning by Deputy Sheriff Curl and brought to Gainesville, where he was arraigned before Justice Colman, with the foregoing result.

Harry Pearce, colored, was arraigned upon a charge of vagrancy, and given three months in which to make up his mind to go to work. He will also in the meantime receive lessons in turpentining at Fairbanks. Pearce was arrested by D. E. Godwin, an employe of S. B. McDonald at Fairbanks.

Rev. Carlisle P. B. Martin, L. L. D.,

Of Waverley, Texas, writes: "Of a morning, when first arising, I often find a troublesome collection of phlegm, which produces a cough, and is very hard to dislodge; but a small quantity of Ballard's Horehound Syrup will at once dislodge it, and the trouble is over. I know of no medicine that is equal to it, and it is so pleasant to take. I can most cordially recommend it to all persons needing a medicine for throat or lung trouble." 25, 50c and $1.00. Sold by W. M. Johnson.

ANXIETY FELT FOR STEAMER.

Ship Bearing Distinguished Party Unheard from Since November.

New York, Jan. 9.—Considerable anxiety is felt, cables the Herald's London correspondent over a dispatch from Captain Morrison, of the steamer Veronique, bearing Earl Fitz Williams' expedition to the Southern Pacific.

The report in circulation is that the dispatch reads: "Accident; I am safe," but means no date.

How this could be possible in a cable dispatch is not explained, but the report caused a rise in the rate of insurance on the Veronique. Several distinguished persons are in the earl's party whose ultimate destination is understood to be one of the islands in the Pacific, where a vast amount of treasure was said to have been hidden many years ago.

The Veronique arrived safely at Montivideo Nov. 30, but has not been reported since that time.

Notwithstanding that this is the beginning of the spring term of East Florida Seminary, a great many new students have entered for the first time, and have settled down to business at the beginning. It is calculated that before the present week is over the enrollment in new students will have reached twenty-five, and they come from every section of the State.

Among those enrolled at this term for the first time are Alexander Lynch of Washington, son of Mrs. W. B. Lynch, formerly of Gainesville; Misses Rawls of Alachua, Freeman of Seabreeze, Corbett of Welborn, Carniff of Jacksonville and Shaw of Alachua. Others are expected daily.

Prof. Jere M. Pound, the superintendent, with his corps of efficient assistants in the various departments, is making for the Seminary a record of which they should well feel proud, and which tend to benefit the institution permanently.

Honored by Millions.

The total admissions to the World's Fair were 19,000,000; of this number approximately 3,000,000 were officers, exhibitors, concessionaires and employes; 6,000,000 were residents of St. Louis and 10,000,000 non-residents. Estimating that each non-resident visited the Fair at least four times, it would appear that 2,500,000 people came to St. Louis in the seven months and during this same period more than 1,250,000 people passed through the Anheuser-Busch plant. Never before has an establishment been honored by so many visitors, and it is safe to say that at least one-half of the visitors who came to St. Louis availed themselves of the opportunity to inspect the greatest plant of its kind in the world.

1904 was the banner year in the history of the Anheuser-Busch Brewing Association, its sales being 1,385,711 barrels of beer, showing an increase of 163,949 barrels. The latter as an annual output would exceed that of the majority of the larger breweries of this country. This phenomenal increase is the more remarkable, because the past year, owing to the long winter and abnormally cool summer, was a decidedly off year for the beer business. The total gain of the beer output for the United States for 1904 was abeut 900,000 barrels, thus proving Anheuser-Busch's increase of 163,949 barrels to be about 20 per cent of that of all the breweries combined. Such an exceptionally good showing can only be attributed to the excellence of their products and the courteous treatment of their patrons.

Do Not Suppress a Cough.

When you have a cough do not try to suppress it, but remove the cause. The cough is only a symptom of some disease, and that disease is what you should cure, then the cough will stop of itself. The most common cause of coughing is a cold. Anodynes will promptly suppress the cough, and preparations containing chloroform, opium, etc., are used for that purpose, but they do not cure the cold. Chamberlain's Cough Remedy on the other hand does not suppress the cough, but relieves it by removing from the throat and lungs the mucus which obstructed the breathing and allaying the irritation and tickling in the throat. It also opens the secretions and effectually and permanently cures the cold as well as the cough. For sale by all druggists.

ESTREATED HIS BOND.

George Foster, Captured Near Cyril, Must Suffer Consequences.

Because his poor discretion tempted him with success to estreat a bond, George Foster, colored, has got himself into trouble, and must now suffer the consequences.

A few weeks ago Foster was arrested for some minor offense. He resisted arrest vigorously, and, while the offense for which he had been arrested was adjusted, he was placed under a bond of $250 for resisting an officer in the discharge of his duty, and should have appeared in the county judge's court upon a certain recent date. Instead of appearing, however, he "jumped" the bond, and was arrested upon a capias by Deputy Sheriff Granger near Cyril Saturday and brought to Gainesville. His bond having been increased to $1,000, he was unable to secure same and was remanded to jail to await the next term of the circuit court.

A Grim Tragedy

Is daily enacted in thousands of homes, as death claims, in each one, another victim of consumption or pneumonia. But when coughs and colds are properly treated, the tragedy is averted. F. G. Huntley of Oaklandon, Ind., writes: "My wife had the consumption, three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, coughs and colds, which cured her, and today she is well and strong." It kills the germs of all diseases. One dose relieves. Guaranteed at 50c and $1.00 by all druggists. Trial bottles free.

James Gillespie Found Guilty.

Rising Sun, Ind., Jan. 9.—James Gillespie, who, with his sister, Mrs. Belle Seward, and Mr. and Mrs. Myron Barbor, was indicted for the murder of his twin sister, Elizabeth Gillespie, has been found guilty and sentenced to life imprisonment. The other defendants will be tried separately, as in the case of James Gillespie. The trial lasted over five weeks, and was bitterly fought throughout.

Spoiled Her Beauty.

Harriet Howard of 30 W. 35th St., New York, at one time had her beauty spoiled with skin trouble. She writes: "I had salt rheum, or eczema, for years, but nothing would cure it, until I used Bucklen's Arnica Salve." A quick and sure healer for cuts, burns and sores. Twenty-five cents at all druggists.

GAINESVILLE, FLA.

The President cast a boom into the Senate and the House on the day they convened after the holiday recess by permitting it to become known that he was seriously contemplating calling Congress in special session next June. Senators and Representatives rushed to the White House to inquire if such a plan were seriously contemplated by the President, only to learn that it was, and then they gathered in the cloak rooms and committee rooms to discuss the situation. Nothing would be more unwelcome to the average member of Congress than to be called to Washington just at the beginning of the heated term and at a time when most of them are planning vacations and pleasure jaunts, but they received no comfort from the President, who expressed himself disgusted with the disposition of Congress to procrastinate with regard to needed legislation and to make an excuse of the fact that this is a short session to do nothing. The President was even unkind enough to suggest that hot weather might prove an incentive to expeditious work and that time and expense might be saved the country by keeping the refractory Congressmen "in after school," so to speak.

The opinion is general in Congress that the Panama Canal Commission has proven a failure. General Davis, a member of the commission, made so much trouble as governor of the canal zone that it became necessary to send a minister to Panama to attempt to straighten out the difficulties, and even he was powerless against the autocratic and didactic methods of the military governor who ruled the zone as a military camp. Finally it became necessary to send the secretary of war all the way to Panama to settle the differences which had resulted. Now it seems probable that the Panama Commission will be reduced in membership to three engineers who will have charge of the constructive work and that the civil government will be confided to the President.

The selection of Hon. Jas. B. Whitfield as chief justice of the Supreme Court of Florida is but a continuation of a series of success enjoyed by few men of his age in this country. Only a few years ago he commenced his political career as county judge of Leon county. Soon after he resigned this position to accept that of chief clerk of the Supreme Court, and since then his promotion has been so rapid that it has been difficult for those not well versed in politics to keep up with it. He has filled fully half the cabinet positions, always resigning for something better, and has now landed as chief justice of the Supreme Court. The Tallahasseean heartily congratulates him.—Tallahasseean.

An order has been issued from the office of the Florida Railroad Commission calling a meeting of the commission in the city of Tallahassee on the 23d inst. to consider the advisability of amending certain rules and regulation of the Railroad Commission. Several amendments of importance will be suggested and discussed, the adoption of which would no doubt prove of great benefit to the shippers of Florida.

Sadden not your friends with personal troubles.

It is not likely that the President will call a special session for June 1, but it seems probable that before abandoning the idea he will have secured pledges that the legislative reforms on which he is insisting shall be undertaken at a special session to be called the first of November, and it may even be necessary to enact some important bill before adjournment, March 4, to induce him to abandon his idea. At the beginning of this session the President was of the opinion that Congress should meet in extra session in the spring to revise the tariff. He was dissuaded from this program by prominent members of both houses, notably by Senator Aldrich, who apparently assented to the plan of revising the tariff in November. During the holiday recess the President learned that Mr. Aldrich was planning a European trip for the summer and has made his arrangements to remain abroad until about the first of December. Of course the Senate would not undertake any readjustment of the tariff schedules if Mr. Aldrich were absent and the President became convinced that the chairman of the finance committee was not dealing openly with him. Then it was that he decided to announce that he was considering the advisability of calling a special session for June 1, and the information brought Mr. Aldrich to Washington, by the first train. What the outcome will be it is impossible to foretell.

The discovery of evidence that the Atchison, Topeka & Santa Fe Railway Company has been guilty of flagrant violation of the anti-rebate law has led to the further discovery of what is popularly called a "joker" in the Elkins anti-rebate law, passed at the last session of Congress and in which the President has taken such pride and to which Republican leaders pointed, throughout the recent campaign, with such magnificent assumption of virtue. Under the old law the officials of the railway which has so flagrantly violated the law could have been sent to the penitentiary, the one thing which prominent railway men fear—for they are amply able to pay their fines when they are caught, which is seldom. The Elkins law, however, repealed the old Interstate Commerce law which provided imprisonment as a penalty for its violation, and more than that, it made the repeal retroactive, so that although the Santa Fe's violation antedated the Elkins law, by its provisions the officials are immune from imprisonment.

Deafness Cannot be Cured

By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give one hundred dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & Co., Toledo, O.

The departure of Hon. Wm. N. Sheats and his most estimable wife from this city this week to make their home at DeFuniak Springs was an event greatly regretted by practically all of our people. During the twelve years of his official residence here as State Superintendent of Public Instruction he and his wife both had endeared themselves to most of our people in a manner that makes their loss felt very keenly. What is our loss in this instance, however, is the gain of all the people in the State in a large measure. It is well known that Mr. Sheats during his official career has built up the school system wonderfully, and it will be a source of great satisfaction to many to know that he will be connected with the work of education—in the preparation of teachers at the State Normal at DeFuniak. Here his enthusiastic, efficient work will still be felt for the betterment of education.—Tallahassean.

The assumption that large Republican majorities in Congress will permit any material reduction of the tariff, or any legislation which will seriously curtail the profits of the railways, or hamper the efforts of the trusts to centralize wealth in their own treasuries, is one of the happy hallucinations which the President still cherishes, but in the words of a Republican leader of the House, "Mr. Roosevelt will be a wiser and a better man before he has completed the term for which he has just been elected."

Youth Accidentally Shot.

Citra, Fla., Jan. 9.—M. Perry Lawrence, 17 years old, son of M. J. Lawrence, a wealthy newspaper owner of Cleveland, Ohio, was shot and instantly killed at Orange Lake, near this place, yesterday. Young Lawrence was visiting Stewart B. Harris, his schoolmate, here, having arrived since the holidays, which the two had spent on Mr. Lawrence's private yacht at Jacksonville. The two, with Frank Evans, a negro, went out on Orange lake duck hunting.

Bishop Stricken with Paralysis.

Peoria, Jan. 9.—The condition of Bishop Spalding, who was stricken with paralysis last night, is unchanged this morning. The distinguished patient passed an easy night.

Close friends of the distinguished churchman attribute his condition to overwork and worry, superinduced by the recent public renunciation of the Catholic church by his niece, the Marquise Monstirs Meronville, formerly Miss Mary Caldwell.

Women as Well as Men Are Made Miserable by Kidney and Bladder Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh, or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one-dollar size bottles. You may have a sample bottle by mail free, also a pamphlet telling all about Swamp-Root, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

WILLIAM T. M'CREARY

Died at His Home in Cedar Key on Sunday, January 8, 1905.

William T. McCreary, born at Smithville, N. C., in 1857, died at his home in Cedar Key on Sunday, the 8th inst.

Deceased was the son of William T. and Mary Hamilton McCreary. Soon after the Civil War he removed with his father to Florida, first taking up his residence at Fernandina, and later making his home at Cedar Key, where he has since resided. His dear mother died when he was about six years of age.

When comparatively a young man Mr. McCreary married Miss Jennie Took. His wife died some years ago, leaving three sons and three daughters.

On September 18th, 1903, Mr. McCreary had the misfortune to fall through an open hatch in his fish house, which had been left open by his packer, breaking several of his ribs and sustaining other internal injuries, from the effects of which he has never recovered, being confined to his bed most of the time since he sustained those injuries. His remains will be interred at Cedar Key today, being laid to rest beside those of his beloved wife.

Besides his children—Mrs. Maude Crevasse, John and Ernest, Miss Laura, Pearl and Willie McCreary—he leaves two brothers, Senator H. H. McCreary of Gainesville and Robert McCreary of Hudson, Fla., besides several sisters and step-mother, Mrs. Annie E. McCreary of Cedar Key.

William T. McCreary, like all humanity, had his faults, but a more devoted friend never lived. He never failed to show his appreciation of a kindness or to resent an insult, but was always ready to extend a forgiving hand upon apology if he was in the right, or to make due apology if he was wrong.

He bore his sufferings with a fortitude seldom manifested by one so sorely afflicted, being continually attended by his eldest daughter, Mrs. Crevasse, and "passed over the river" as peaceably as it was possible for one to leave this world who had suffered as he had.

Senator and Mrs. H. H. McCreary departed Monday night for Cedar Key, where today they will attend the funeral. Friends extend sincere sympathy.

Prominent Visitors Leave.

Rev. and Mrs. S. D. Marsh of Corning, N. Y., who have been here for the past few days as guests of the Kaufmann Inn, departed Saturday for South Florida.

Mr. Marsh is pastor of the leading Baptist church at Corning, and is a leading spirit in religious educational work in that section. He resided formerly in Florida, and at one time was pastor of the Baptist church at Citra, where he enjoyed fine congregations and his efforts resulted in great good. He was a stockholder in the great ministerial orange grove, in which hundreds of ministers of all denominations from all sections of the country placed their money several years ago, and which was frozen to the ground just at the time when it promised to prove profitable. Mr. Marsh was the organizer of the company which might have made several thousand dollars for the company every year had it not been for those fatal freezes.

After the freezes of 1894-5 the project was abandoned, and Rev. Marsh, with others, resumed their profession of preaching for a living.

Mr. and Mrs. Marsh have many friends in this section who were glad to greet them again, and who wish that their stay in Florida will be pleasant.

Ten Ton Ice Plant Will be Erected in That Town at Once.

THE DIAMOND ICE COMPANY

Announces Its Intention of Building Both at Alachua and Micanopy to Meet the Demand, Which Is Heavy At Certain Seasons of the Year.

As will be noted from announcement, the Diamond Ice Company, realizing the necessity and the demand, has decided to erect an ice manufacturing plant at Alachua, which will be operated in connection with the big plant here.

In speaking of the matter Monday Manager R. B. Livingston stated that the machine would have a capacity of ten tons, and would be modern in every way, being the product of the Columbus Iron Works, Columbus, Ga. "These people make absolutely the finest ice machinery in the United States, and we have decided to install the Columbus system," he remarked.

The plant of the Diamond Ice Company in this city is of twenty tons capacity. It is what is commonly termed a "double plant," being two machines of ten ton capacity each.

Mr. Livington stated that it was for the purpose of meeting the demand of certain localities that the new plant will be erected. Alachua enjoys excellent shipping facilities, being located on three railroads, hence shipping is easy and quick as well as rates reasonable. The Alachua factory will supply the demand from all points north and west, including Suwannee river points, while the business from the south and east will be taken care of by the Gainesville plant. In this manner Manager Livingston hopes to supply the demand promptly and without delay.

It is the ultimate intention of the company to erect a plant at Micanopy. This plant will be of the same capacity as that of Alachua; but no immediate effort will be made to establish the factory there. No definite action will be taken at Micanopy until the Alachua plant is completed and in running order.

Imperfect Indigestion

Means less nutrition and in consequence less vitality. When the liver fails to secrete bile, the blood becomes loaded with bilious properties, the digestion becomes impaired and the bowels constipated. Herbine will rectify this; it gives tone to the stomach, liver and kidneys, strengthens the appetite, clears and improves the complexion, infuses new life and vigor to the whole system. 50 cents a bottle. Sold by W. M. Johnson.

BOUGHT FINE STOCK.

N. A. Callison of Spring Park Makes Additional Purchases.

N. A. Callison, manager of the Spring Park Stock Farm Company at Bennington, is determined to make of this place one of the finest stock farms in the South. He has just returned from Biltmore, N. C., where he purchased a quantity of registered stock and game.

"I never saw the like of registered stock and game since I was born," remarked Mr. Callison Monday, in referring to the magnificent live stock and poultry on the Biltmore estate, which is the property of Vanderbilt. "It is the prettiest place I ever saw, and it does a fellow's heart good to go through and examine the stock and poultry, and the creamery, which is one of the finest in the United States."

Mr. Callison went for the purpose of making purchases. While the Biltmore estate was not established for money-making purposes, the stock is disposed of as much to secure a reputation as for anything else.

Manager Callison included in his purchases four head of registered Jerseys, two of which were imported direct from the Isle of Jersey. Of this lot three are females, one male; two female and one male Berkshire hog, the latter costing $100. These animals are the genuine English bred; one coop Plymouth Rock chickens, one coop of Bronze turkeys, imported, and one crate of Toulouse geese. This stock has all arrived, with the exception of the cattle, which are expected today.

Manager Callison was Monday celebrating the birth of the first registered Hereford calf on the farm. This calf is a descendant of Leedale's Princess, a $500 heifer, which was a prize-winner at the St. Louis World's Fair, and which was recently purchased and brought to this farm.

Mr. Bryan's subject was "Watchman, What of the Night?"

United States Senator Carmack responded to the toasts.

After speaking of the causes which, in part, contributed to the recent defeat of the Democratic party, Mr. Bryan said the platform adopted at Kansas City expresses the views of more Democrats than any platform adopted since. He praised several recommendations made by President Roosevelt, and spoke of him as doing many good things.

Pain in the Head

Is a danger signal, warning you that the brain nerves are exhausted—irritated, and are undergoing an unnatural strain.

Frequent and prolonged attacks of pain weaken the generative power of the nerve cells of the brain, and lead to loss of memory, melancholy, spasms, epilepsy, and frequently insanity.

When the brain nerves are weakened they are unable to supply sufficient nerve force to the nerves that control the lungs, heart, stomach and other organs, and these organs are thus robbed of energy, and unable to meet the demands upon them, and they get sick.

Stop the head pains with Dr. Miles' Anti-Pain Pills, and the influence upon your general health will be greater than you can realize.

"I want to tell you how thankful I am for Dr. Miles' Anti-Pain Pills. From a child I have been subject to sick headache, and never found any lasting relief until I received a sample of Dr. Miles' Anti-Pain Pills while in Geneva six years ago. By taking one it usually throws off my pain, so I can go about my home duties."

MRS. ALMA GATES,
R. F. D., No. 4, Geneva, Ohio.

Dr. Miles' Anti-Pain Pills are sold by your druggist, who will guarantee that the first package will benefit. If it fails he will return your money. 25 doses, 25 cents. Never sold in bulk.

SHAFT FOR MATT RANSOM.

North State Legislature May Aid the Plan Financially.

Raleigh, N. C., Jan. 9.—The senate passed a bill introduced by Webb licensing distilleries of less than 36 bushels capacity at Asheville, but the house promptly killed the measure.

Winborne, in the house, introduced a bill to repeal what he termed "the fraudulent law," enacted two years ago, known as the "jug law," which makes the place of delivery of whisky the place of sale.

Cunningham introduced in the house a bill appropriating $5,000 for a statue of Matt W. Ransom, on the north side of the capitol square. This, is is said, will pass without opposition.

George Butler, brother of ex-United States Senator Marion Butler, and a Republican member of the house will introduce a bill providing for the payment of the $10,000 bond judgment given by the United States supreme court against this state on North Carolina railway bonds, and also to pay face value of all other bonds, held by Schaefer & Co., of New York.

Democrats say they will fight this measure.

Each Soldier Gets a Dollar.

Montgomery, Ala., Jan. 9.—Colonel J. M. Falkner, founder of the Soldiers' Home for old confederates, has received 65 one-dollar bills from General Torrance, commander-in-chief of the Grand Army of the Republic, whose home is in Minneapolis, Minn. The money is to be distributed to the inmates of the home, and if not enough to give each one dollar more will be sent. With the money is a very cordial letter to Colonel Falkner, in which the writer expresses great regret for his recent illness and hopes to see him restored again soon.

DISCRIMINATING LADIES.

Enjoy Using Herpicide on Account of Its Distinctiveness.

The ladies who have used Newbro's Herpicide speak of it in the highest terms, for its quick effect in cleansing the scalp of dandruff and also for its excellence as a general hair-dressing. It makes the scalp feel fresh and it allays that itching which dandruff will cause. Newbro's Herpicide effectively cures dandruff, as it destroys the germ that causes it. The same germ causes hair to fall out, and later baldness; in killing it, Herpicide stops falling hair and prevents baldness. It is also an ideal hair dressing, for it lends an aristocratic charm to the hair that is quite distinctive. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Ripley, Tenn., June 1, 1901.

Dr. E. W. Hall, St. Louis Mo.—Dear Sir: Having tried various remedies without satisfactory results, I was persuaded to give your "Texas Wonder" a trial. I have used one bottle, and although my case is one of long standing that baffled the skill of the best physician, yet it yielded at once to "The Texas Wonder," which I heartily recommend to all suffering from kidney and bladder troubles.

Yours truly,
W. H. BRUTON,
Pastor Baptist Church, Ripley, Tenn.

A TEXAS WONDER.

One small bottle of the Texas Wonder, Hall's Great Discovery, cures all kidney and bladder troubles, removes gravel, cures diabetes, seminal emissions, weak and lame backs, rheumatism and all irregularities of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of $1. One small bottle is two months' treatment and seldom fails to perfect a cure. Dr. Ernest W. Hall, sole manufacturer, P. O. box 829, St. Louis, Mo. Send for testimonials. Sold by all druggists.

Joe Manasse's sale promises to be a big thing. Mr. Manasse stated yesterday that, notwithstanding the sale was advertised not to open until Tuesday, several came to him to induce him to sell goods at the published prices. He informed these prospective customers, however, that he had always stuck to what he advertised, and that the sale would positively not open until Tuesday, at which time, and not before, they could buy goods at prices advertised.
